World Environment Day

We celebrate World Environment Day every 5th of June. On this occasion, we celebrate our planet's beauty and diversity while raising awareness about environmental issues. We also organize tree-planting programs and distribute seedlings among people. It's a day to reflect on our impact on the Earth and take action to protect and preserve our natural world for future generations.

Upcycling

1. Home & Furniture Upcycling

- Repurpose old wooden pallets into shelves or tables
- Transform glass jars into storage containers or candle holders
- Repaint and redesign old furniture for a fresh look

2. Clothing & Fabric Upcycling

- Turn old T-shirts into reusable shopping bags
- Create patchwork quilts from leftover fabric scraps
- Refashion worn-out jeans into trendy tote bags

Sustainable Personal Care – GreenLife

Switch to eco-friendly personal care by choosing natural, cruelty-free products. DIY skincare, zero-waste beauty, and sustainable hygiene practices help reduce waste and avoid harmful chemicals. Opt for reusable items, like bamboo toothbrushes and shampoo bars, to live cleaner and greener.
